

Ex-oil industry executive IAN R CRANE is in North Yorkshire for a 10-night speaking tour, answering the question everyone is asking ...

IS

FRACKING

SAFE?

Ian will also be covering the following topics:

- What exactly is fracking?
- Could it damage our health?
- What impact could fracking have on our water supplies?
- How might it affect village life?
- Would it reduce our gas bills?
- What could fracking mean for farmers and landowners?
- Would it affect property prices?
- What are people's experiences of fracking in other countries?
- What's the current situation in Ryedale and North Yorkshire?
