**APPLICATION FOR PERMIT - ENVIRONMENTAL PERMITTING REGULATIONS 2010
RATHLIN ENERGY (UK) LIMITED – WEST NEWTON B EXPLORATORY OPERATIONS**

Please find attached the permit application and supporting documentation for the West Newton B Exploratory Operations, which we formally submit to the Environment Agency for consideration.

The charges associated with the permit application are as follows:

- Mining waste operation - £2640.00
- Installation - £10,300.00
- Water Discharge Activity - £885.00

Total charge for the application is £13,825.00, which will be transferred electronically to the account detailed within the Part F1/F2 application forms. The reference number for the electronic transfer will be RE/WNB/EPRA.

The permit application and supporting documentation will be posted on the Rathlin Energy website once we receive confirmation that the application has been duly made. In the meantime, should you require any further information or clarification then please do not hesitate to contact us using the details below.

Yours sincerely
for **Rathlin Energy (UK) Limited**
